

EARLY MUSIC LIBRARY

The titles in this series are supplied as sets of scores, according to the number of parts, so a four-part work comes with four scores, etc.; 8-part titles come with one full score and 4 copies or the music for each choir.

For larger events the scores in this series are available in sets of 10; since the series began we have found that many organisers of summer schools have taken advantage of this possibility for their events, especially as the cost is very reasonable.

CLEFS: The default for inner parts (alto/tenor range) is the treble-transposing clef (treble clef with a little "8"). However, all titles are now also available in versions for viols, with the same inner parts printed in the alto clef. To order any title in these clefs, just substitute VML for EML in the order code.

All titles in the series may be bought individually. We also have special prices for those who wish to purchase the complete set, or all the pieces for a specific number of parts.
